Distinct Finish Woodtones™

For Aspen™ Models AP138 & AP200

Distinct Finish Woodtones™

Simulate the look of an authentic wood door on a durable and long-lasting, steel door base. Oak woodgrain patterns run vertical between the embossed panels and horizontal with the rails to deliver a distinct, true grain appearance. Available on Aspen models AP138 and AP200.

Unique Benefits Exclusive to Owning a Raynor Garage Door

AP200-Mocha Recessed Ranch

ENGINEERED FOR LIFE

Engineering expertise goes in to each one of our doors. Our product is tested and conforms to the highest industry standards and regulations. We manufacture all door panels and major hardware components giving us complete quality control from start to finish.

State of the art high-density Neufoam™ polyurethane insulation delivers maximum structural integrity and door strength. Combine our state of the art insulation material with our proprietary WeatherLock™ section joint design and you get the industry's most energy efficient door. Our section joint is engineered to minimize air flow and keep moisture from getting in your garage.

TruBalance™ Drum System

Doors equipped with our patent pending TruBalance™ drum system are 87% easier to operate manually and provide you with a peace of mind knowing you can safely and easily manually operate your garage door in emergency situations. This system comes standard on doors up to 8' high with oversized windows in the top section.

SecureLoc™

Don't just lock it, SecureLoc™ it!

SecureLoc™ Garage Door Openers

Raynor's SecureLoc Anti-Break-In assurance plan combines a SecureLoc capable opener with the strength of a Raynor residential garage door that locks automatically when the door closes. When professionally installed, this system gives you the confidence to know that your garage door is locked and prevents access through compromising the release device. Have peace of mind knowing your garage is protected from intrusion with SecureLoc!

RAYNOR GARAGE DOORS

A Company You Can Trust for Life
